CARVING CASE MOUTH FOR SAMSUNG G900 GALAXY S5

Description

Through “double face color” and through the latest printing technology photoionization, creativity has discovered a new element of fashion highly customizable to apply to a smartphone.
A nice feeling with a precise outline and a strong personality!
The graphical effect in 3D, made with 8 layers of UV ink printing of the best quality, also offers excellent wear resistance with the enjoyable sensation of concave-convex shape.
Smooth texture, fine paint, design and shape ultra-thin.
Easy to insert and to remove without scratching the phone.
Slightly rounded it optimizes the grip and fits perfectly on the edge of your smartphone.

Technical

Made of 100% PC

Packaging

Packed in box provided with transparent fronts as to protect it from wear and cracking and as to be able to show the contents without opening the package.
